

Discovering the th60th Future

VENTURA COUNTY
OFFICE OF EDUCATION

Stanley C. Mantooth, County Superintendent of Schools

March

30

**2020 VCOE Regional
Science Fair
COMPETITION**
\$15 per Student

Do you ask yourself, 'Why' and 'How'? Do you drive adults crazy asking questions they can't seem to answer? Do you like to take things apart to see how they work? Want to learn how to get the answers you seek?

Participating in science fair you will learn the scientific and engineering processes used to answer the questions you have and solve the problems that you are interested in. You will use mathematics, biology, physics, chemistry, etc... and have so much fun doing it, you won't even realize your learning! Best of all, you get to choose the question or problem that you want to work on.

I invite you to become part of a program that will provide you with the tools and processes to look at the world in a completely different way. I invite you to have a lot of fun while learning something amazing about the world and yourself.

Projects may be submitted by 1 student (Individual) or by a team of 2 or 3 students (Team)

The Following must be completed and delivered to the Ventura County Office of Education no later than 4:00 PM, February 7, 2020:

Voluntary Informed Consent Form

Payment (\$15 per student)
