

Math 6A Assignments

Week of May 11th

Please complete the assignments in the order in which they are listed. We are going to learn Chapters 11 & 12 simultaneously. The lessons will alternate between the two chapters. Chapter 11 is about Integers and Chapter 12 is about Rational Numbers.

Lessons 11.2 & 12.2 Journal pages

- Open the Google Slides - available on Google Classroom
- Complete the work in your spiral
- Enter your answers on the Google Slides
- Submit assignment via Google Classroom

Lessons 11.3 & 12.3 Review Assignment

- Open the Google Forms - available on Google Classroom
- Complete the work in your spiral.
- Check over your work carefully before submitting your final answer; you will only be allowed to submit your answers one time!
