

## Math 6A Assignments

### Week of May 4th

*Please complete the assignments in the order in which they are listed. We are going to learn Chapters 11 & 12 simultaneously. The lessons will alternate between the two chapters. Chapter 11 is about Integers and Chapter 12 is about Rational Numbers.*

#### **Lessons 11.2 & 12.2 Review Assignment**

- Open the Google Forms
- Complete the work in your spiral.
- Check over your work carefully before submitting your final answer; you will only be allowed to submit your answers one time!

#### **Lesson 11.3 - Subtracting Integers**

- Slides Presentation
- Notes (PDF)
- Assignment: Lesson 11.3 pages 492-493 #8-22 evens, #24-39 all. *\*\* Don't forget to rewrite the problems as addition number sentences! \*\**
